Realising Potential

A Gentle Beginning

As part of the admission process, both parents/legal guardian and the applicant will be invited to attend a Group Interaction session. This session gives us a holistic view of the child in a comfortable and engaging environment.

Student Interaction

Your child will interact in a small group with our teachers and take part in age-appropriate games and activities.

Purpose

To understand your child's individual strengths, interests, learning preferences and developmental needs in a natural and engaging environment.

Good to know

- Not an assessment
- No special preparation required
- Session duration: 45 minutes to 1 hour
- We will inform you in advance if any materials are required.

"A relaxed child shows us their true self."

Realising Potential

Individual Assessment

Students from Grade 3 to Grade 12 will be invited for an individual assessment. This helps us understand the student's current learning profile and enables us to provide a meaningful and supportive learning experience.

What does it include?

An age-appropriate assessment to understand the student's academic skills, aptitude and learning preferences.

Who will be involved?

The student will attend the assessment, while the parents participate in a group interaction at the school.

Duration

The assessment will take approximately
1 to 3 hours, depending on the grade.

Purpose

To gain a comprehensive understanding of the student's current abilities, learning style and areas of strength, so that we can support them with an appropriate learning pathway.

Every learner is unique.

Our assessments are designed to know your child better and help us create a learning experience that supports their growth and potential.
